

Premier Platforms Limited

Environmental Policy Statement

Premier Platforms Limited is committed to ensuring that environmental issues are considered to be an integral part of all Company Operations. Premier Platforms Ltd will maintain a framework to set and review environmental performance targets at suitable intervals to ensure continual environmental improvement and the prevention of pollution.

The Directors will ensure that:

- The Company meets all relevant legal requirements, regulations and standards set by the relevant enforcement authorities.
- The mechanism for delivery of this policy and related objectives is an environmental system based upon the framework provided by ISO 14001: 2015
- Environmental risk is part of the normal risk assessment and management process
- Details of the procedures for the storage and disposal of hazardous waste materials are documented in the Environmental Procedures Manual
- Waste arising from Company operations will be disposed of as per current legislation and best practice
- Regular environmental audits will be conducted to ensure that the Policy is effective
- Guidance, training, and procedures will be communicated to all staff to enable them to comply and contribute to the Company Policy
- Wherever possible, materials purchased will be recyclable and purchased from environmentally aware suppliers
- Whenever possible, diesel powered machines will be fitted with low emission or energy efficient engines
- Energy efficient power sources will be purchased and used wherever practicable
- Wherever possible environmentally sustainable practices will be pursued

A handwritten signature in blue ink, appearing to be "L. Farmer", with a large circular flourish at the end.

Leigh Farmer
